

Regional Earth System Modelling Network for the Arctic (RESMoNA)

RESMoNA Meeting in Oslo, 14th – 15th May 2003

14th May

Arrival at Rica Travel Hotell, Arbeidergaten 4, 0159 Oslo
(Tel. +47 22 00 33 00; Fax. +47 22 33 51 22)

19.00 Dinner at Lofoten Restaurant, Aker Brygge

15th May

The meeting will take place at Norwegian Meteorological Institute, Research and Development Department, Gaustadalléen 30D, Oslo. Take the Underground No. 3 (Heading towards Sognsvann), and leave the train at Forskningsparken. Walk down the stairs, under the bridge, and continue uphill ca. 200 m.

PROGRAMME

- | | |
|---------------|---|
| 08.30 – 08.45 | Chairman: Sigbjørn Grønås
Welcome! and
"RegClim PhaseIII: Focus on risk and uncertainty."
Trond Iversen, University of Oslo. Presented by Sigbjørn
Grønås, University of Bergen |
| 08.45 – 09.00 | „Multi-model ensembles of climate scenarios: an
overview“
Rasmus Benestad, met.no |
| 09.00 – 09.15 | “Investigation of differences in scenarios from MPI and
Hadley for Norwegian regions“
Viel Ødegaard and Jan Erik Haugen, met.no |
| 09.15 – 09.45 | “Snow cover changes over Northern Eurasia“
Raino Heino, Finnish Meteorological Institute |
| 09.45 – 10.15 | Coffee |
| 10.15 - 10.45 | „Natural climate variability of the Arctic atmosphere, the
impact of Greenland and PBL stability changes“
Klaus Dethloff, AWI Potsdam |

- 10.45 - 11.15 „The Baltic Sea in recent regional climate-scenario experiments: Impact of different driving GCM's”
Ralf Döscher, SMHI, Rosby Centre
- 11.15 – 11.45 “PRUDENCE Simulations of European Climate Change”
Ole Bøssing Christensen, Danish Meteorological Institute.
- 11.45 – 12.00 “An ensemble of CMIP-runs with Bergen Climate Model”
Sigbjørn Grønås, University of Bergen.
- 12.00 - 12.30 Discussions
- 13.00 – 14.00 Lunch at the University of Oslo
